Anna University, Chennai

## TECHNICAL SKILLS

| Category           | Skills & Tools   |
|--------------------|--|
| SQL                | DDL, DML, DCL, TCL, Joins, Subqueries, Filtering, Aggregation  |
| Data Visualization | Power BI, Tableau  |
| Excel              | VLOOKUP, Pivot Tables, Data Validation, Conditional Formatting |
| Web Technologies   | HTML, CSS, JavaScript (basic)                                  |
| Soft Skills        | Quick Learner, Team Player, Time Management                    |

## PROJECTS

- **Sales Performance Dashboard (Excel + Power BI)** – Designed an interactive dashboard to track monthly and quarterly sales across regions and product categories. Applied Pivot Tables, Power Query, and Dax In Power BI to Clean and analyze large datasets.
- **HR Attrition Analysis (SQL + Excel)** – Queried employee data using SQL for extraction and filtering, then analyzed patterns in Excel. Built visual reports with Pivot Charts and conditional formatting to identify high-risk departments.
